

The image shows a GeneSTAR Mini-PRO4 Electrophoresis System. It consists of a clear plastic buffer tank with a green lid. Inside the tank, there are two glass tubes (electrodes) and a power supply unit. A red and black power cable is connected to the system. The GeneSTAR Scientific logo is visible in the top right corner.

## Mini-PRO4 Electrophoresis System

Cat. No.	Product	소비자가
GMP8005	Mini-Pro4 Electrophoresis System	₩650,000
GMP8041	Cell Lid with Power Cables	₩209,000
GMP8039	Buffer Tank	₩115,000
GMP8037	Electrode Assembly	₩329,000

# Mini-Pro4 Electrophoresis System

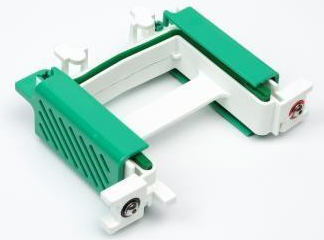

GMP8041  
Cell Lid with Cables  
₩209,000

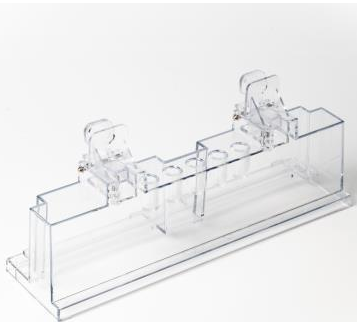

GMP8039  
Buffer Tank  
₩115,000

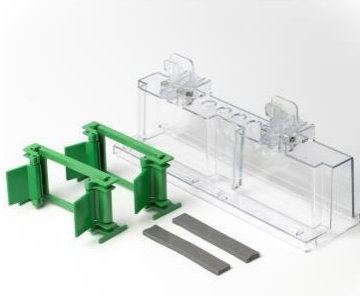

GMP8037  
Electrode Assembly  
₩329,000

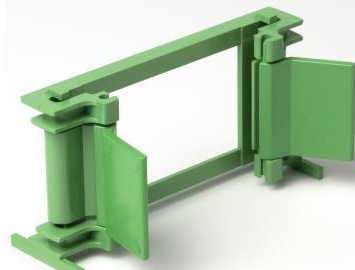

GMP8038  
Companion Module  
₩305,000

GMP3303  
Casting Stand  
₩265,000

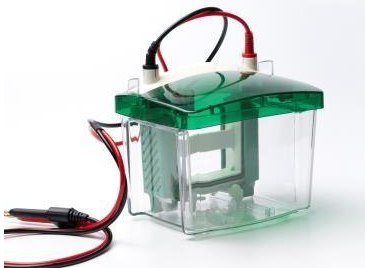

GMP8052  
Casting Stand Set  
₩370,000

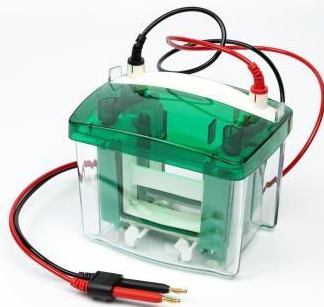

GMP3304  
Casting Frame  
₩79,000

GMP3305  
Casting Stand Gaskets  
₩25,000

GMP8005  
Mini-PRO4 Cell (2-Gel)  
₩650,000

GMP8004  
Mini-PRO4 Cell (4-Gel)  
₩860,000

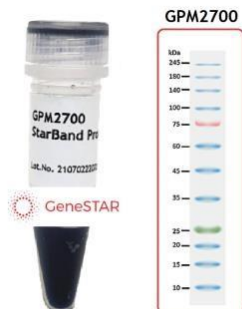

GMP5050  
GenePower 300  
₩979,000

GMP3130  
Buffer Dams (2/pk)  
₩29,000

GBT0050  
10X TBS Buffer 500mL  
₩36,000

GPM2700  
Protein Marker 250uL  
₩70,000
